Guidelines on ILAW Lesson Planning

A Modern Framework for Effective Learning Design and Pedagogical Excellence (2026 Guidelines)

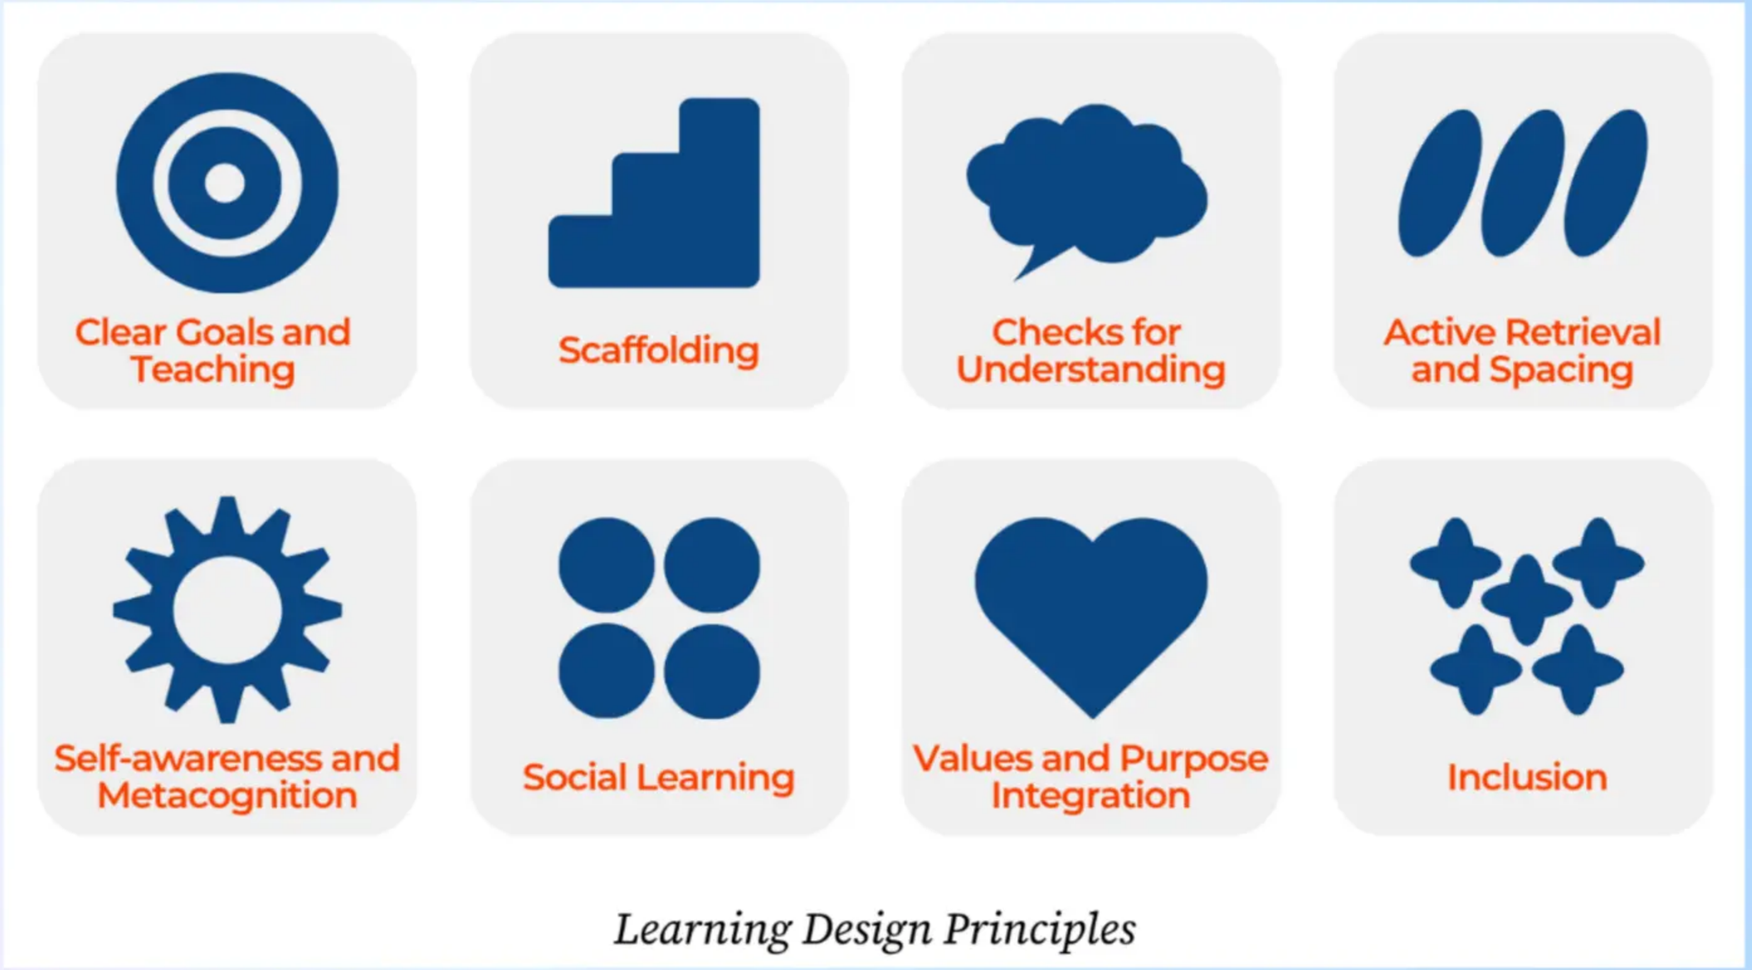

26 May, 2026

Perspective

NATURE OF LESSON PLANNING

Repositioning lesson planning as a practical instructional tool, driven by trust, professional judgment, and collaborative evidence.

THE 8 LEARNING DESIGN PRINCIPLES

Learning Design Principles

ILAW COMPONENT

THREE-TERM LESSON PLAN TEMPLATE

(Last updated April 24, 2026.)

1. BASIC INFORMATION

Provide the foundational details of your lesson.

Name of Lesson	*Write the specific and descriptive title of your lesson (e.g., "Identifying Main Idea in Short Texts").*
Learning Area/s	*Indicate the subject area(s) this lesson belongs to (e.g., English, Math, Science, ESP).*
Designed by Teacher/s	*Write the full name(s) of the teacher(s) who prepared the lesson.*
Designed for which Grade Level and Section	*Specify the grade level and section of the learners (e.g., Grade 3 – Hope).*
No. of Sessions	*Indicate the number of sessions needed to complete the lesson.*
References (books, websites, toolkits, etc.)	*List all sources and materials used in preparing the lesson.*
Declaration of AI use	*Explain how AI tools were used in creating or enhancing the lesson plan. (See DO 3, s. 2026 Annex A.)*

INTENTIONS

2. INTENTIONS

Meaningful learning experiences are anchored in how we frame them. Start by deciding what you want learners to master by the end of the lesson—keep it clear and simple. Remember: Understanding your learners' evolving context and designing around it help ensure that your lessons connect with and are relevant to them.

INTENTIONS	
Learning Competency:	*Write the competency/ies from the curriculum that we are targeting, and the content or performance standards applicable to the sessions.*
Learning Objectives:	*Write a smaller knowledge, skills, or tasks from the competency that the learners will work on and be able to show by the end of the sessions.*
Learner Context:	*Write your observations of your learners, and how they have been performing or responding to learning experiences recently. Include strengths, interests, and possible barriers to learning.*

Meaningful learning experiences are anchored in how we frame them. Start by deciding what you want learners to master by the end of the lesson - keep it clear and simple.

Remember: Understanding your learners' evolving context and designing around it help ensure that your lessons connect with and are relevant to them.

LEARNING EXPERIENCES

3. LEARNING EXPERIENCE

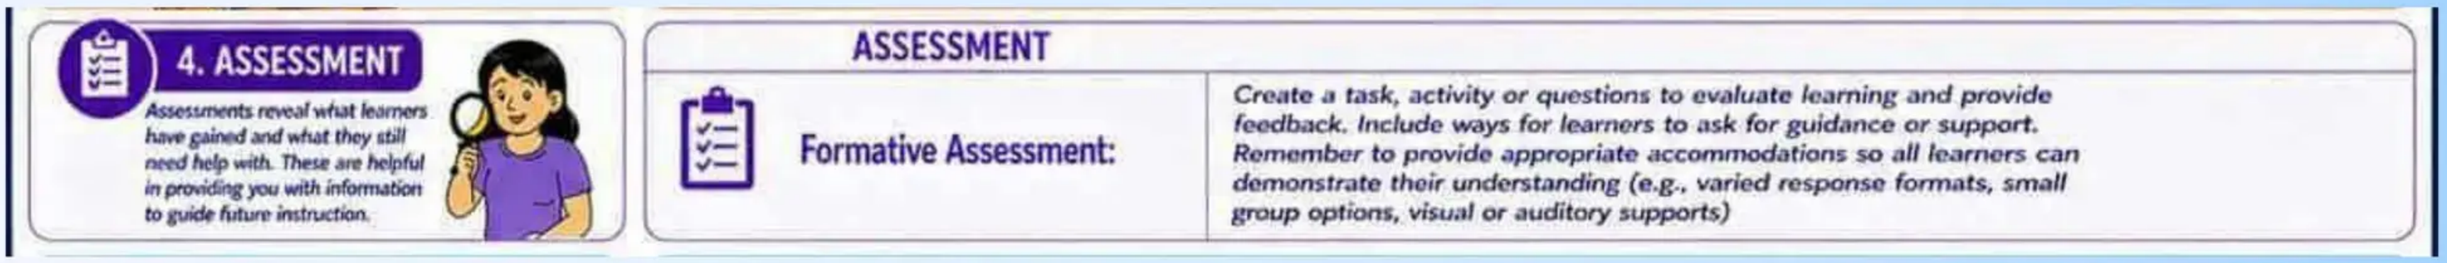

A learning experience is like a thoughtfully designed journey. Each activity and interaction builds towards meaningful understanding and growth. Identify activities and interactions to help learners gain knowledge, skills, or understanding in a purposeful way.

LEARNING EXPERIENCE	
Pre-Lesson:	*Describe how you will help the learners get ready for the lesson.*
Flow:	*Describe the activities that you can implement in 1 or more sessions to meet the learning objectives. Apply the Learning Design Principles by thinking about how to: make objectives clear, guide learners, check well-being and mastery, connect to past competencies, encourage collaboration, invite reflection, and ensure inclusion.*
Learning Resources:	*List down the learning resources that will help you reach your objectives. Ensure that they are available and inclusive. Include options and alternatives in case of emergencies.*
Opportunities for Integration:	*Write down any possibilities to meaningfully integrate another learning area, special topic, or technology. Write N/A if none.*

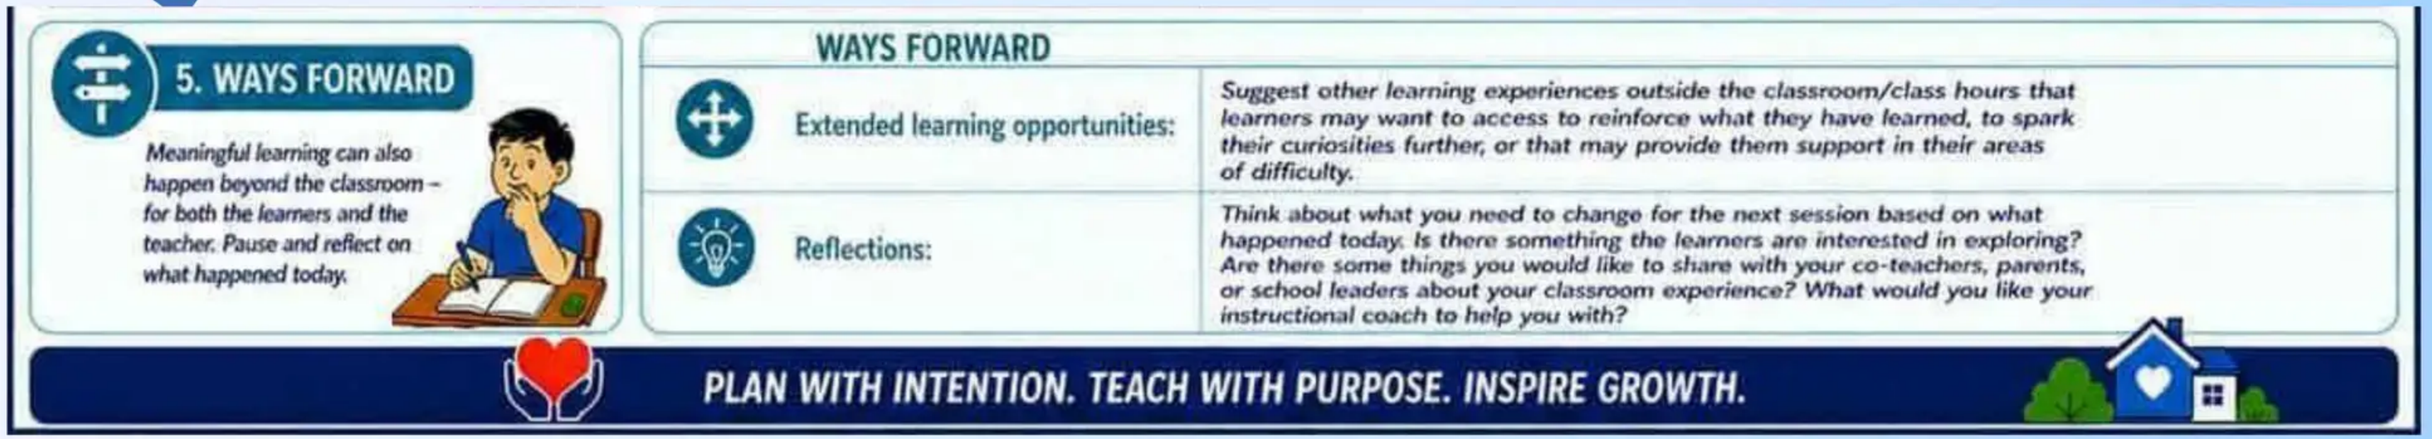

A learning experience is like a thoughtfully designed journey. Each activity and interaction builds towards meaningful understanding and growth. Identify activities and Interactions to help learners gain knowledge, skills, or understanding in a purposeful way.

ASSESSMENT

Assessments reveal what learners have gained and what they still need help with. These are helpful in providing you with information to guide your future instruction.

WAYS FORWARD

Meaningful learning can also happen beyond the classroom for both the learners and the teacher.

Pause and reflect on what happened today.

THANK YOU
